ABOUT OUR MENTORS

Prof. (Dr.) Acharya Dharmendra, a well known educationist and philanthropist from Buxar district , born in a freedom fighter farmer family in a small village Parasia near Brahmpur dreamt of spreading education to the masses of India.

He is former Vice-Chancellor of Veer Kunwar Singh University, Ara. He has been served about 40 years in this university. During this period of time till date he has been conducted and participated in various research programmes & seminars locally and abroad. He has been attached to many social organizations from years. He was Bhudan Mantri in Bihar Bhudan Yagya Committee, Patna from 1988- 1991. He was together with Sant Bal Vijay Bhai in his Maitri Yatra, with Nirmala Desh Pandey in her Shanti Mission Yatra & Anuvrat Andolan with Dr. H. L. Shrimali.

Acharya Dharmendra has focused his energies for the cause of education with emphases on professional education areas. He is of the opinion that the education patterned to train the students to face the challenges and ever changing skill requirements on account of globalization without forgetting ethos of rich Indian culture is bound to transform the society and thereby make India a strong, self supporting and leading nation. His preference is for actual implementation of this concept rather than merely preaching.

Behind every successful man there is a woman. Smt. Shashikala Tripathi has been a perennial source of motivation behind the creation of this institution. She has donated about 6 acres of land to this institution.

Gaurishankar Public School is a true dream of the people of this area which is being patronized and guided by Prof. (Dr.) Acharya Dharmendra & Mrs. Shashikala Tripathi from the date of its inception.....

ABOUT US

Gaurishankar Public School is a social endeavour of EduHeal Welfare Foundation Trust. Er. Arvind Tiwary conceived an ambition to open a standard Public School in remote area. This vision and ambition has been transformed into a great reality now with the patronage and guidance of our patrons.

Away from the cacophony of main city, the school is nestled in the tranquil ambience of Brahmipur Dham. Surrounded by green paddy fields, the school provides an ideal and serene environment to learn and grow. Two Blocks of The mammoth three storeyed building with state of art facility standing majestically in the sprawling campus of above 2 acres of land. A co-educational sr. sec. school which follows CBSE curriculam is enriched with all modern equipments. The school observes safety, security and sanitation standard with tested and certified drinking water for the students through well trained human resource team under round the clock CCTV surveillance system.

THE VISION

To Nurture the conscience and intellect of every student and staff member in a caring and inspiring environment in order to take up the future challenges of life with global competence and a never say die approach.

MESSAGE

It gives us immense pleasure and a sense of pride to be a part of the noble mission of imparting quality education to children from all sections of society without prejudice and without discrimination of anykind. EduHeal Welfare Foundation has taken a giant leap towards excellance in education. Gaurishankar Public School is a collective effort of a few visionaries to offer better education facility in this area where development needs a boost.

Quality education goes away beyond theoretical knowledge, with emphasis on values and skill that help young minds evolve into better individuals. And this is our ultimate objective. The school management promises to gives quality education to our students which shall be at par with the best co-ed schools in Bihar. A bond where the young minds will be managed by the experts from different fields, with wishes and commitment to uphold the belief of all who have decided to bank their faith in us.

I extend my best wishes to all those working towards making quality education all pervasive for a better tomorrow. Lets walk with hand in hand and take our motherland to great height.

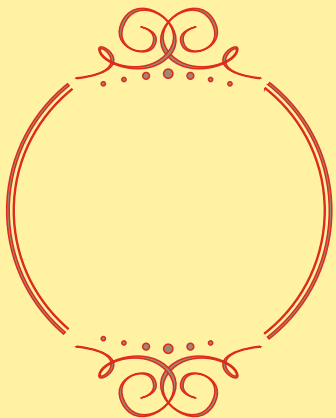

Er. Arvind Tiwary

Chairman

OUR VALUES

Education throughout life is based on four pillars;

1. Learning to know i.e. learning system should be based on life experience.
2. Learning to do i.e. application of knowledge should be scientific and constructive.
3. Learning to live inculcating values to be tolerant to opinion and faith and to live in harmony.
4. Learning to be i.e. to develop one's personality and to be able to act with even greater autonomy, judgement and personal responsibility.

FROM THE DESK OF PRINCIPAL

It is well said that children are the future and most valued treasure of a strong and prosperous nation. Children to be goaded on to discovering their latent talents. It has been the clarion call of the Mentors and MD of the GPS to provide quality education to all children. I am glad that I have been provided with the honour and I consider it a proud, pompous privilege in being able to provide a platform for the children at GPS to achieve their fullest potential.

The core purpose of our school is to lead the children to explore and achieve new passions and be challenged to think creatively to solve local and global issues and make them leaders and trend setters in their respective fields.

It will always be our earnest endeavour to involve parents in all happenings of the school because we believe parents are the vital part of our family. They garnished expectations about their children to make them fittest persons in globally connected world. We assure you that we will live up to the expectations.

We provide unique model of education which makes teaching learning experience interactive and student centred. To make our children digitally acclaimed we impart teaching through digital classes. It helps in better understanding and retention of concepts while improving analytical and logical skills.

At GPS we provide the best practices from around the world and apply them in Indian perspective. Our teachers are our main resources who are well known in their fields for imparting value and skill based education along with motivating the young minds to cover the extra miles.

I invite all to join hands with the GPS in not only building a school but indeed a generation of tomorrow.

A.K. Gemes
Principal

MANTRA

तेजस्वि नावधीतमस्तु : May learning
illuminates us both the teacher & the taught....

OUR MOTTO

'Dream, Believe, Achieve and Succeed' gives us courage to dream high with Full faith and through organized efforts & Perseverance to translate our dreams into Achievements and to succeed further with higher & higher bars.

SCIENCE & MATHS LABORATORIES

The school has distinct and separate Science Laboratories for practical sessions in Maths, Physics, Chemistry & Biology. The labs are spacious and offer modern and excellent equipments where our students are encouraged to use their analytical and creative skills through research & experimentation.

THE LIBRARY

The school has a spacious and well-resourced library that provides students with opportunities to discover the world of knowledge. Our rich collection of books is updated regularly and students are encouraged to make full use of this facility to develop a love for books from an early age.

COUNSELLING

Counselling in school plays an important role in the students development and achievements. School counseling programmes enhance and promote student learning by enhancing college readiness as well as academic, personal, social and career competencies.

COMPUTER SCIENCE

Computer Science encompasses foundational principles and widely applicable ideas and concepts. It incorporates techniques and methods for solving problems and advancing knowledge and a distinct way of thinking and working that sets it apart from other disciplines.

SOCIAL SCIENCE

Social Science is an academic discipline concerned With society and the relationship among individuals Within a society on the globe. The social science department offers an inclusive Study of several branches of the Social Sciences Which aims to provide a social perspective in a Fast-changing digital world.

INFIRMERY

GPS has an infirmary staffed with a qualified nurse who attends to the first aid needs of the children. The school has a tie-up with a hospital in case of an emergency. Health check-up of all children are carried out annually. The school also maintains cumulative health records.

SEPARATE PLAY FIELDS

Children love to run, jump and play in open spaces. Outdoor play is imperative for child's physical growth And building stamina. GPS provides separate play Fields for tiny toddlers, primary and senior

SPORTS

YOGA

The word Yoga means 'union' in Sanskrit. Here the union takes place between the mind, body and spirit. 'Asana' refers to the practice of physical postures or poses. To ensure a sound physical and spiritual health, we have Yoga sessions for students on a regular basis which also brings out the inner discipline amongst the learners.

BASKET BALL

GPS has a match-size basket-ball court with the aim to develop their mental skills, individual and team concepts to enable them to complete successfully at state and national levels under the guidance of well trained instructors. Playing basket ball helps children learn basic co-ordination and team building skills with an added bonus of making new friends along the way. Getting your child going with basic basket-ball skills at a young age not only helps encourage exercise, but serves as a foundation for staying active later in life.

TAEKWONDO

Taekwondo is a traditional Korean martial art. It makes the children not only physically and mentally stronger but also helps to develop concentration and memory. It boosts self confidence, self esteem and sense of respect and courtesy. Seeing its importance in students life, GPS look initiative to train their students under the best trainers of the city.

CHESS/BOARD GAMES

A healthy mind and a fit body contribute greatly in Shaping the golden future of a child. Unless the child is made to practice mental exercise in addition to physical exercises as he grows up, he would eventually experience problems such as mental numbness, forgetfulness, loss of concentration etc. Board games such as Chess, Scrabble greatly aid in developing the muscles of the brain. Seeing the importance of Chess, at GPS we have a hall for Board Games. Playing the game of Chess on a regular basis right from the childhood improves the learning, thinking, analytical power and decision making ability of the child.

SPORTS

BADMINTON

Badminton increases muscle strength of limbs and improves co-ordination. Children keep their eyes on the shuttlecock as it is hit to and fro and thus they prevent their eyes also from myopia. Badminton is a sport for all and is really easy to learn. It is a racquet sport, played either by two opposing players or two opposing pairs. Now a days, students like to opt for badminton in large numbers. We have an expert coach to train them for the techniques & the rules and regulations of the game.

LAWN TENNIS

Tennis offers all the same great health benefits to children. It helps to get aerobic fitness, speed, leg strength, gross and Fine motor control, agility, dynamic balance, co-ordination and flexibility. At GPS we have decided to associate with Mahesh Bhupati. Tennis Association to give better training. It is a hugely Sociable sport.

SCHOOL BAND

At GPS we strive for musical excellence and encourage all students to develop their full musical potential. Whether a student is just a beginner or an advanced player, we offer many opportunities for students to participate in learning and creating music with one another. Band students are given many opportunities to showcase their talents

TABLE TENNIS

Table Tennis is another area of games and sports where the young children can venture and show their skills as the school caters to their needs providing six TT tables to enable more participation from all quarters. Children will benefit from learning its important skills at an early age, which will increase the likelihood of enjoying table tennis throughout their lives. Table Tennis demands the extensive use of hand/eye co-ordination exercises and establishes a solid foundation for future skill development.
